

Roundtable News

Summer Momentum: Empowering Conversations

As we enter the summer months, the ACS National Breast Cancer Roundtable remains focused on translating evidence into action and empowering patients, providers, caregivers, and communities with trusted information. June is National Cancer Survivors Month—a time to celebrate survivors and recognize the families, caregivers, and communities that support them. As we also observe Pride Month and Juneteenth, we reaffirm our commitment to ensuring that progress in cancer prevention, screening, treatment, and survivorship reaches all communities.

Resource Spotlight

The American Cancer Society continues to advance research and resources that address persistent disparities and support the unique experiences of Black communities, LGBTQ+ communities, and others who have historically experienced inequities in cancer care.

Don't Miss: You Got the Letter—What to Do Next After a Dense Breast Notification

Join us on Tuesday, June 30, 2026, from 12:00–1:00 PM ET for an important webinar featuring **JoAnn Pushkin**, Co-founder and Executive Director of DenseBreast-info.org, and **Wendie A. Berg, MD, PhD**, Distinguished Professor of Radiology at the University of Pittsburgh School of Medicine and Chief Scientific Officer of DenseBreast-info.org.

This timely session will help women, providers, navigators, and partners better understand what dense breast notifications mean and how to navigate next steps with confidence.

Spotlight on Volunteer Leadership

Special thanks to the Early Action Priority Team, its Advisory Group, and subject matter experts from the ACS Breast Density ECHO series whose collaboration helped shape this educational effort.

We are especially grateful to **Amanda Woodworth, MD**, and **Aditi Hazra, PhD, MPH**, Early Action Co-Chairs, and to Advisory Group members **Leslie Yerger, Sheryl Verbitski, PhD, Andrea Kaster, MD, Amy Patel, MD, Rochelle Keen, Lina Meyer, Vanessa Walker, Sheila Mikhail, Jessica Duckworth, JoAnn Puskin, Wendie Berg, MD, PhD**, and **Kaitlin Christine**, as well as breast density experts **Tracy Battaglia, MD, MPH, Christine Gunn, PhD, Nancy Kressin, PhD**, and **Priscilla Slanetz, MD, MPH**.

Together, these leaders are helping translate evidence into practical guidance that supports informed conversations between patients and providers.

Annual Notice: 2026 ACS Roundtables Rules for Engagement

Notice for the ACS Roundtable Rules for Engagement is shared annually or at any time the document is amended during the year.

The Rules for Engagement clarify expectations for participation by organizational, corporate, affiliate, and invited individual members of ACS National Roundtables. Members are expected to respect and comply with these Rules and other applicable ACS policies and observe high standards of conduct.

Insights & Resources

Cancer Survivors Month

June is National Cancer Survivors Month, a time to celebrate the millions of survivors whose experiences continue to inform and inspire our work. According to the American Cancer Society's *Cancer Facts & Figures 2026*, an estimated **321,910 women and 2,670 men** will be diagnosed with invasive breast cancer this year.

Across the ACS NBCRT, the Support & Wellness Priority Team continues to explore evidence-based approaches and resources to better support survivors, caregivers, and families throughout the cancer continuum.

OncoMenopause ECHO

Join the American Cancer Society and The Menopause Society for the [OncoMenopause ECHO](#), designed for primary care clinicians, oncologists, and healthcare leaders seeking to strengthen care for patients navigating menopause in the context of cancer care.

Through case-based learning and expert-led discussion, participants will build competency in symptom assessment, treatment decision-making, and risk evaluation while applying evidence-based strategies across active treatment and survivorship.

Sessions will be held monthly from July through December.
